

Monday 25th – Wednesday 27th September 2017

**East Midlands Conference Centre and Orchard Hotel
Nottingham**

Monday 25th September

Breast-conserving surgery

Local control

- 9.00 *Modern risk factors for local recurrence* (Kelly Hunt)
9.15 *Past, present and future management of DCIS.* (Mike Dixon)

Evidence-based indications for oncoplastic breast conserving surgery

- 9.30 *Reducing re-ex rate - No such thing as a simple re-ex* (Douglas Macmillan)
9.45 *When is it better than a mastectomy and reconstruction?* (Hani Sbitany)

Pushing the limits of breast conserving surgery

- 10.00 *Selection for, predicting response to, and predicting locoregional recurrence after neoadjuvant chemotherapy* (Kelly Hunt)
10.15 *Tailoring surgery to response to neoadjuvant chemotherapy* (Mike Dixon)

10.30 *Coffee*

11.00 Gadget show

What's going on out there?

Evidence based oncological outcomes of oncoplastic breast conserving surgery

- 11.20 *MD Anderson* (Kelly Hunt)
11.30 *Nottingham* (Douglas Macmillan)
11.40 *Marsden* (Jenny Rusby)
11.50 *TEAM study - UK Practice of Therapeutic Mammoplasty* (Shelley Potter)

12.00 **SUBMITTED PAPER**
National Database and Audit of Oncoplastic Surgery for Breast Conservation – The Scottish Experience (Vasileios Pitsinis)

12.10 **From the maximum tolerable to the minimum effective – Remembering Umberto Veronesi**

OPINION *Should we still offer all women the choice between mastectomy and breast conservation?* (Mike Dixon)
(Hani Sbitany)
(Kelly Hunt)

12.40 Discussion

13.00 Lunch

14.00 Gadget show

Breast-conserving surgery – Techniques

14.15 *Planning local perforator flaps* (Douglas Macmillan)
14.30 *Outcomes of perforator flaps in BCS* (Stephen McCulley)
14.45 *Minimal access BCS* (Eisuke Fukama)
15.00 *Oncoplastic surgery in SEA countries - small size does matter* (Visnu Lohsiriwat)

15.15 Discussion

15.30 Tea

16.00 Gadget show

16.15 SUBMITTED PAPERS (6 mins each)

Therapeutic Oncoplastic surgery using modified round block technique –
up-dated results focusing on fat necrosis (Hisamitsu Zaha)

Surgical outcomes of oncoplastic breast conserving surgery-compared
with conventional breast conserving surgery (Yumi Kim)

Therapeutic mammoplasty or mastectomy with reconstruction for
large/multifocal tumours: oncological and patient reported outcomes (Micha A)

Audit of SPAIR mammoplasty in an oncoplastic setting (Barry PA)

Oncoplastic Volume Replacement Using Local Perforator Flaps (L Highton)

Immediate partial breast reconstruction with chest wall perforator
flaps – Oncological and cosmetic outcomes (Hiroshi Fujimoto)

Concept of "invisible surgery" - new approach for small tumors in
non ptotic breasts (Zhygulin Andrii)

First international consensus conference on standardisation of oncoplastic
breast conserving surgery (Walter Weber)

17.05 Discussion

17.15 Parallel Workshops

- **Mammoplasty techniques** (Stephen McCulley)
- **Chest wall perforator flaps** (Douglas Macmillan)
- **Fat grafting**
 - Delayed correction of WLE defects* (Eva Weiller-Mithoff)
 - MegaFill and fat grafting* (Visnu Lohsiriwat)
 - Macro, micro and nano fat grafting* (Michael Scheflan)
 - Pre-emptive fat grafting** (Mike Dixon)

Tuesday 26th September

08.00 Parallel Workshops

- Endomag (08:00 - 09:00) - Surgery for Impalpable Disease
Lesion Localisation with Magseed (Dr Michael Alvarado
- UCSF)
Targeted Axillary Dissection (Dr Abigail Caudle
- MD Anderson)
- Integra (08:00 - 09:00) - Implant Reconstruction
The Science and Art of One and Two Stage Implant Based
Breast Reconstruction (Dr Schefflan)

Breast reconstruction

Radiotherapy and breast reconstruction – time for a change in approach

- 9.00 *Who needs post-mastectomy radiotherapy /what's on the horizon?* (Kelly Hunt)
- Autologous flaps and adjuvant radiotherapy
- 9.15 - *Outcomes and strategies* (Hani Sbitany)
- 9.30 Comparative outcomes of pre and post-operative radiotherapy
in DIEP flaps
- *Royal Marsden* (Rachel O'Connel)
- *Final ABRAR data* (Kathryn Steele)
- 9.45 Neo-adjuvant Radiotherapy and autologous reconstruction
The rationale and evidence for NAR so far? (Stephen McCulley)
- Outcomes of Neoadjuvant radiotherapy and autologous flaps
 - *Nottingham* (Stephen McCulley)
 - *London* (Simon Wood)
- 10.10 *Coffee*
- Implants and radiotherapy
- 10.40 - *Evidence based approach in implant reconstruction* (Hani Sbitany)
- 10.55 - *Outcomes from the MD Anderson* (Mark Clemens)
- 11.10 - *IBRA – 18 months PROMS in national audit of implant
reconstruction in relation to radiotherapy* (Shelley Potter)
- 11.25 *Is radiotherapy (or anything for that matter) a contraindication
to immediate reconstruction?* (Panel)

12.00 Parallel Workshops

- **Raise Healthcare (12:00 – 13:00)**
Prepectoral Braxton - A Paradigm Shift in Breast Reconstruction (Simon Harries, Caroline Mortimer, Soni Soumian. Simon Cawthron as moderator)

- **Medtronic (12:00 – 13:00)**
Better Cosmetic Outcome and Minimizing Complication Rate in Breast Reconstructive Surgery: Step by Step with New Material and Technique (Dr. Visnu - Thailand, Dr. Stefan Paepke - Germany)

13.00 Lunch

14.00 Gadget show

Mastectomy

- 14.15** *How 'complete' is a mastectomy? How complete does it need to be?* (Jenny Rusby)
- 14.30** *Factors that predict mastectomy flap necrosis* (Visnu Lohsiriwat)

Mastectomy and Reconstruction

- 14.45** *Minimal access options in mastectomy* (Eisuke Fukama)
- 15.00** *Single stage vs staged reconstruction after nipple-sparing mastectomy* (Hani Sbitany)
- 15.15** *Symmetrisation in unilateral reconstruction* (Michael Scheflan)
- 15.30** *IBRA 2 study – Does immediate reconstruction influence the start of adjuvant therapy* (Shelley Potter)

15.45 Discussion

16.00 Tea

16.30 SUBMITTED PAPERS (6 mins each)

From Spare parts via Goldilocks Procedures to Total Autologous Post Mastectomy Breast Reconstruction with large loco-regional flaps (Dr.L.C.J.Serrurier)

Muscle-Sparing Latissimus Dorsi Reconstruction: Comparative Study of Standard versus Muscle-Sparing (Lucy E Homer)

Food for thought

| | | |
|--------------|---|------------------------------|
| 16.45 | <i>Integrating cryotherapy into your practice</i> | (Eisuke Fukama) |
| 17.00 | <i>Factors to consider when planning breast surgery in the era of molecular subtypes</i> | (Mike Dixon) |
| 17.15 | <i>Contralateral risk reducing mastectomy</i> | (Kelly Hunt) |
| 17.30 | <i>Fat banking</i> | (Eva Weiller-Mithoff) |
| 17.45 | <i>Top tip, trick or pearl of wisdom (3 mins each)</i> | |
| | (Mike Dixon) | (Hani Sbitany) |
| | (Eisuke Fukama) | (Visnu Lohsiriwat) |
| | (Kelly Hunt) | (Steve Jacobson) |
| | (Michael Scheflan) | (Eva Weiller-Mithoff) |
| | (Clemens) | (Connell) |

Wednesday 27th September

Implant Reconstruction

ALCL

- 08.00** *Breast implant associated anaplastic large cell lymphoma:
Enough debate, what we definitively know* (Mark Clemens)
- 08.15** *Is ALCL associated with particular implants?* (Anand Deva)
- 08.30** *How ALCL changed my practice* (Tony Connell)
- 08.45** Panel Discussion (Chair –
Michael Schefflan)

Outcomes in implant reconstruction

- 9.00** *iBRA study - 3-month outcome of UK audit of immediate implant reconstruction* (Shelley Potter)
- 9.15** *Japanese national audit of implant reconstruction* (Eisuke Fukama)
- 9.30** *US data on trends and outcome of implant reconstruction* (Hani Sbitany)
- 9.45** *Outcomes of 2-stage pre-pectoral implant reconstruction* (Steve Jacobson)
- 10.00** Panel Discussion

10.15 Coffee / Brunch

SUBMITTED PAPERS (6 mins each)

- 11.15** **Implant Based Breast Reconstruction with or without ADM:
A Randomized Trial in the setting of Breast cancer treatment** (Fredrik Lohmander)
- Pre-Pectoral Implant Based Breast Reconstruction** (L Highton)
- Prepectoral implant placement and complete coverage with acellular
dermal matrix (ADM) for direct-to-implant (DTI) breast reconstruction
after nipple-sparing mastectomy (NSM).** (Roland Reitsamer)
- Pre-pectoral implant reconstruction using acellular peritoneal matrix
(MESO-BioMatrix) - a feasibility study** (Peter Barry)
- Complication analysis in 65 immediate breast reconstructions with
TIGR© Matrix surgical mesh** (Emma Hansson)

11:45 *Prepectoral implant based reconstruction using pre-shaped mesh (braxon)* (Raghavan Vidya)

11.55 *Outcomes of Airxpanders - The Next Evolutionary Step?* (Tony Connell)

12.10 **Difficulties in conducting commercial trials in implant reconstruction** (Emma Wright)

12.20 **Discussion**

Workshop - Revision surgery in implant reconstruction – a growing industry

12.30 *Strategies for salvage without a flap* (Steve Jacobson)

12.35 *What is a reasonable rate of revision? Are you a "tweaker"?* (Michael Scheflan)

12.50 **Case discussions** (Panel)

13.30 *Close*
