

Breast-conserving surgery

8:30 **Welcome**

8:45 **BCS v Mastectomy and Reconstruction – Time to Challenge Traditional Beliefs**

- *Local control – Are they the same?*
- *Survival – Is conservation better?*
- *Short term / long term aesthetic outcome*
- *Should we still offer the choice?*

*De Lorenzi
Christiansen
Macmillan
Dixon*

9:45 **Indications for BCS in Invasive Disease – The Changing Landscape**

- *Neo-adjuvant therapy*
- *Multicentric cancer*
- *How should oncoplastic surgery affect your practice?*

*TBC
Dixon
Losken*

Discussion

10:30 *Coffee*

11:00 **Gadget show**

11:20 **Does Oncoplastic Surgery Change our Options in DCIS?**

- *Modern thoughts on the management of DCIS*
- *Results from case series – Milan
– Nottingham*

*Dixon
De Lorenzi
Macmillan*

Discussion

12:15 **Volume Displacement Oncoplastic Surgery Algorithms**

- *My approach –
Milan v Atlanta v Nottingham v Edinburgh*
- *The TEAM study*

*De Lorenzi / Losken / McCulley / Dixon
Potter*

13:00 *Lunch*

14:00 **Gadget show**

14:15- 14:50 **Submitted papers**

15:00 **Parallel Workshops**

- *Pre-pectoral reconstruction (Braxton)*
- *PFM (Tilloop / ADM)*
- *Fat grafting (Sponsored by HC21)*

*TBC
Paepke / Drew
Younis / Gabriel*

16:00 *Tea*

16:30 **Gadget show**

16.45 Volume Replacement Oncoplastic Surgery
 • *My approach - Edinburgh v Nottingham v Atlanta* Dixon / Losken / Macmillan
 • *Chest wall perforator flaps - The learning curve* Murphy / Harvey

17.45 Case Discussions De Lorenzi / Losken / McCulley / Dixon / Murphy / Harvey / Macmillan

19.00 *ORBS 2019 - Conference Reception*

Tuesday 1st October

Breast reconstruction

8.30 Radiotherapy is not a Contraindication to Immediate Breast Reconstruction

Implant reconstruction

- *Planning reconstruction in the face of radiotherapy* De Vita
- *Pre-pectoral reconstruction and radiotherapy* Gabriel
- *Managing the post-radiotherapy implant reconstruction* Scheflan

Autologous reconstruction

- *Balance of arguments v delayed reconstruction* McCulley
- *Flap / technique selection* Ramakrishnan
- *Pre-operative radiotherapy* TBC

Case discussions

10.30 Coffee

11.00 - 11.50 Submitted papers

12.00 **Parallel Workshops**

- *Endomag (Magseed / Sentimag)* Dietz / TBC
- *Motiva (Implant design)* TBC

13.00 Lunch

14.00 **Gadget show (Implant Companies) – Rationale behind latest implant designs**

14.30 The ALCL Debate

- *The latest instalment in the story* Clemens
- *Should the use of textured implants stop?* De Vita / Dixon v Clemens / Scheflan

15.30 Tea

16:00 Reconstruction Options

- *Choosing the right patient for the right reconstruction*
- *Understanding what free flaps options are available*
- *Pre-pectoral reconstruction in challenging patients*
- *Lessons to learn from the iBRA studies*
- *Long term outcomes of implants (FDA post-market studies)*

*Rancati
Haywood
Gabriel
Potter
Clemens*

Discussion

17:30 Food for thought

- *What is the role of robotic reconstruction?*
 - *Implant*
 - *Autologous*
- *Closed incision negative pressure therapy*
- *It's all pre-pectoral now - adopting new techniques*

*Sarfati
Clemens
Gabriel
Rancati*

Wednesday 2nd October

08:30

Parallel Workshops

- *How to create the pre-pectoral pocket - panel debate*
De Vita / Scheflan / Macmillan / Sarfati / Murphy / TBC
- *From LD to Free flaps - Offering the best flap option*
McCulley / Ramakrishnan / Clemens / Haywood

09:30

Coffee

Implant Reconstruction

10:00 Submitted papers

10:30 Pre-pectoral Implant Reconstruction

- *ADM - what does it achieve?*
- *Can we do without an ADM or mesh?*
- *Does it matter what ADM/Mesh you use?*
- *Reducing implant visibility - what are the modifying factors?*
- *Oncologic considerations in pre-pectoral reconstruction*

*Gabriel
Rancati
De Vita
Scheflan / Rancati
Clemens*

12:15 Revision strategies for failing implant reconstructions

- *Avoiding complications*
- *Conversion to pre-pec*
- *Fat grafting / Inserting more ADM*
- *Conversion to autologous*
- *Case discussions*

*Rancati / Harvey
Gabriel
Scheflan
Ramakrishnan*
